Ag Club Adds Fun to Horse Show

Ag Club adviser F. B. Houghton Sr. and club officers Gary Myers, Charles Gach, Fred Garton, Gary Hull, Mike Monk, Gary

Hoover, and Ken Sutton discuss awards to be presented Sunday at the Ag Club Horse Show.

Goat dressing and cow milking, open to campus groups and individuals, will be fun features of the annual Horse Show scheduled for Sunday at the Maryville Fair Grounds.

Sponsor of the event is the Northwest Missouri State College Agriculture Club. There will be a first place trophy, entry fees prorated 100 per cent, and four ribbons per class, Mr. F. B. Houghton Sr., club adviser, stated.

In Class 1, which will be shown at 1 p. m., the saddle pony competition will be for riders 12 and under and their ponies 48" and under. Class 2, Saddle Pony, is for riders 17 and under and ponies 14 hands and 2 inches.

The Class 5 Goat Dressing event is for women's campus organizations only. In Class 9, Musical Chairs, riders 17 years old and under will compete. In Class 11, the wild cow milking competition will be open to

men's campus organizations and faculty only.

Other classes include keg bending, women's pleasure class, diaper race, men's pleasure class, cloverleaf barrel race, pick-up race, reining class, scoop shovel race, and calf roping.

All entry fees will be \$1 except the following: reining class, \$3; calf roping, \$7; and the goat dressing and wild cow milking, with no entry fee.

Saddle Club trophies will be awarded for the best dressed club, the largest club, and the club farthest from home.

A Horse Show Queen will be selected Saturday evening by judges Mrs. F. B. Houghton Sr., Dr. John Beeks, and Dr. B. R. Quinn.

Queen contestants are Sara Howell, Union Star; Ronetta Vogel, Coffey; Vicki Dixon, Hopkins; Elaine Thompson, Kansas City; Christi Pottraty, King City;

Cynthia Sickels, Mount Ayr, Iowa; Jeanie Read, Coffey; Rebecca Turnbull, Tarkio; Suzanne Hunt, Red Oak, Iowa; Patty Currie, Tarkio; Marcia Ward, Pattonsburg; Becky Murphy, Hopkins; Lindy Sunderman, Clearmont.

The ring master is Dr. Quinn; the announcer, Jim Ross. Music will be furnished by Ralph and Mary Rounds.

Interviews Scheduled For Royal Contestants

Interviews for the MSC American Royal queen contestant are scheduled for 6:30 p. m. Monday in the conference room of the Union, according to Karen Halbert, chairman.

All entrants must fill out an application, which may be obtained in the Student Union director's office before 4 p. m. Friday.

"Judging will be based on beauty, 50 per cent; poise, 30 per cent, and campus activities, 20 per cent," stated Miss Halbert, who heads the Union board committee in charge of the event.

4 Protest' Nights to Feature Club Entertainment, Dancing

"The Goliards" and "Yesterday's Tomorrow" are slated for Friday and Saturday nights in the ballroom of the Student Union for the Union Board's first "I Protest" total entertainment weekend.

Friday night, the groups will perform from 8 until 12:30 o'clock; however, Saturday night the event will start after the home football game and last until 12:30 o'clock. Entertainment time will be split between the two groups for dancing and a coffee house program.

Receiving three standing ovations during their concert at MSC this summer, "The Goliards," a protest-song duo, are described by Union president John Price as "the best coffee-

house type group I've ever heard here!" Some of their repertoire is original and includes arrangements of Peter, Paul, and Mary; Simon and Garfunkel, and Leonard Cohen material.

"Yesterday's Tomorrow" is a popular young five-member rock combo who attend MSC. They play music ranging from hard rock to soul.

The ball room will be sectioned into the coffee house and dance areas. Topical posters and other decor will provide an appropriate atmosphere for the coffee house where cider, coffee, and nuts will be served.

Tickets for the event are available on a first-come, first-served basis at the door for a minimal charge of 25 cents.

Senate Takes Action On Credits, Vacations

The MSC Student Senate, wasting no time as the campus legislative body, used its first session of the school year to pass two important resolutions of special interest to the college community.

Senator Vic Jenkins moved for the abolishment of negative credit at MSC and the Senate unanimously approved. Jenkins, who had introduced the measure, was supported by arguments from Senators Mick Buehler, Pete Richardson, and John Thompson.

The second important Senate resolution passed was the recommendation for major student vacations to begin at noon instead of late afternoon. Senate members hesitated for fear of passing too much legislation on to the Faculty Council at one time.

President Mike Wilson relinquished the chair to discuss the resolution, a subject originally part of his platform.

The Senate gave its approval on members of the Student-Faculty Advisory Committee, a new committee recommended by President Foster last May to improve communication between faculty, students and the administration. The eight students selected for the committee by the executive council and approved by the Senate are Jim Burke, Dave

Hockensmith, John Ford, Vic Jenkins, Mick Buehler, Emily Wormsley, Linda Harris, and Cassy Funk.

The students will work with four faculty members and two administrators to review present and future college policies and consider controversial issues with the purpose of advising and informing the Student Senate and the Faculty Council.

In a Senate seating change, Allan Wagner was sworn in to replace Don Cady, who did not return to school. Both had been elected as officers of this year's sophomore class.

In other Senate business, issues brought to the attention of the Senate for reconsideration and study by committees included teacher evaluation and men's dress code.

Dave Hockensmith presented to the Senate the idea of considering taking action on the present system of registration of students. He explained the problems involved and pointed out, "Students return to school for registration and hope and pray they get the cards for the courses they need."

President Wilson called for Senate support of the Union Board's Open Forum and the Organizational Fair. He explained that Senate office hours will again be observed.

Homecoming Plans Formed; New Co-Chairman Elected

At the initial fall meeting of the 1968 Homecoming Committee, Bob Bruner was elected co-chairman to replace Bob Burrell, who is serving in the National Guard.

Mr. Dean Savage, instructor in the department of education, is assisting Dr. Harlan Higginbotham, professor in the department of science and mathematics, as an adviser to the committee. All entries, descriptions, and scripts for Homecoming are to be sent to Mr. Savage, Colden Hall, Room 106B, and should have the word "Homecoming" on the outside of the envelope.

Cheri Jordan, co-chairman of the committee, announced that the Village Stompers will provide the music for the Homecoming dance.

It was also announced that outside judges will be used for the judging of the variety show and the parade. All judges' score sheets will be made available to the participating

organizations after the judging has been completed. The theme of this year's Homecoming is "Famous Motion Pictures."

Deadlines for submitting ideas for the variety show is 4 p. m., Friday. Two complete scripts must be turned in to Mr. Savage by 4 p. m., Oct. 2. Parade entry deadlines are Oct. 2 for beauty floats and Oct. 20 for other parade entries. The deadline for house decoration entries is 4 p. m., Friday. All queen candidates must be registered in the Registrar's office by 4 p. m., Oct. 4.

Meetings of the Homecoming Committee will be held at 5 p. m. each Thursday in Room 326 of the Garrett-Strong Science Building. Roll call will be taken and negative points will be issued toward the Supremacy trophy for absences.

Additional information and entry forms can be obtained from Dr. Higginbotham, Cheri Jordan or Bob Bruner.

Enrollment Hits All-Time Peak

Final registration figures for this year's fall enrollment show Northwest Missouri State College as having a total of 4,912 students, according to an announcement from the registrar's office.

This record enrollment is 712 more than last fall's final tally.

Of the total number of enrollees, about 275 are graduate students. Dr. Leon Miller, dean of instruction and head of the graduate program, notes that since graduate students have a longer time in which to regis-

ter, additional students may enroll.

Mr. Bruce Wake, dean of men, and Miss Karen Licklider, dean of women, have reported that all students are satisfactorily housed. Dean Wake commented that some floor lounges have been turned into rooms. He added that some approved housing and a few dormitory rooms are still available.

Miss Licklider reported that a few beds are left for wom-

en. Presently, study lounges, ironing rooms, and two boys' dormitories have been converted into women's living quarters.

"Approved housing facilities for women total only about one-fifth that for men," pointed out Miss Licklider. "We are trying to accommodate every one," she added.

If there are any housing complaints, the dean of women suggests that they be reported to the director of the complain-

Among the Birches

By John Ford

For those Missourian readers who are aware of the birch tree situation at MSC, whether you stand behind them or among them, this column is designed. It was born in the warm, uncomplicated days of summer school with the thought of bringing campus-wide topics of interest, ones that may have gone unnoticed, to the attention of the campus community.

Spring is usually the time to talk of student politics but I have chosen this topic for the beginning of the year. Maybe industrious students will get a chance to improve the situation by starting now.

Many college campuses are politically divided by an independent faction and a Greek faction. MSC is no different. Political organization is lacking in both divisions, but it is more prominent in the so called "Greek Coalition," where organization is supposed to be stressed.

Among the birches it was found that Greek candidates are selected on a rotation basis. The idea is that a house has the opportunity every few years to run one of its members for president of the student body. Ideally, all students with Greek affiliation will support that candidate.

Greek candidates for vice president and secretary are then chosen from houses next in line in the rotation.

In the spring of 1967 the plan was successful, and there was a Greek sweep. Last year, however, things didn't work out. More than a few Greek affiliates joined a record number of student voters to elect the non-Greek candidate.

Two years ago the candidate was a Phi Sig; last year a Teke. This spring the candidate will be a Sig Tau. Will he be lucky enough to have complete Greek support? Also, will the sororities be included in the rotation again this year?

Without question this plan leaves something to be desired. If the Greeks do indeed have the "cream" of the campus, why don't they select the most qualified from all their organizations, male and female, and submit him as their nominee for student election?

This is something for you among the birches to think about.

Dialogue Projects Discussion Plans

Dialogue, the organization devoted to better understanding among students, organizations, faculty, and administration, started the fall season last Monday evening with a planning session concerning topics for the coming year.

Among discussion areas projected for this fall are the student Bill of Rights, problems concerning campus parking facilities, the Americans for Democratic Action, the Student-Faculty Discipline Committee, the Student Senate, an evaluation of the faculty, open campus housing for students, and the student forum.

On Oct. 7, Dialogue will feature a discussion between Negro and white students concerning the inter-relation of the two races at MSC and what discriminations between them may or may not exist on campus.

Dialogue president Steve Connor invites all concerned students to attend. "Dialogue is starting off early to get students interested in campus problems," he stated. "Our meetings are open to everyone, and we hope to see many more students attending them."

More Parking on Deck

Students who park their cars in lots 7B and 12 may begin using these lots as soon as resurfacing is completed, Dean C. E. Koerble has announced.

"We wish to thank the students who helped us by cooperating during the resurfacing of these lots," stated the MSC dean of students.

The loss of lot facilities was the result of contractors behind schedule. The project was originally slated to be completed in August.

Wilson Sets Goals:

Negative Credit Heads List.

"Abolishment of negative credits is my number one goal for the year."

This was the closing statement of Mike Wilson, student body president, in answer to a question about his major plans for the campus this year.

In a recent interview, Wilson explained his position by stating that "the student holds the responsibility of attending classes. The negative credit serves as another red-tape function to burden teachers and administration."

"A college student is mature enough to regulate his own action." Since the majority of students do not think negative credit is necessary, proceedings for abolishing it have been instigated.

Among Wilson's other goals are several which are presently functioning or under consideration. In answer to inquiries about the student disciplinary committee, Wilson said the committee needs revision. "I feel there are a number of misrepresentations and illegal features."

Continuing, Wilson remarked that points in question are double jeopardy, misrepresentation of students, right of student and council to be confronted by accuser, and right of the accused to be considered innocent until proven guilty. The committee should not only act as an impersonal ex-officio body but should also be concerned with the betterment of the student.

Another committee, the student-faculty advisory group, founded recently by Wilson, is headed by a student. Wilson believes that this organization will improve communication between the students and the administration.

Open housing presents another feature in the student president's platform. As a result of a petition bearing almost 500 names and the increased enrollment, open housing will be a first consideration of the student-faculty advisory committee.

"I personally feel that housing should be opened for all students 21 and above. People of voting age should be morally responsible for their own actions and mature enough to act as individuals," Wilson said in support of the petition. "We are expected to act as adults so should be treated accordingly," he added.

"The Senate recently set up a committee to look into the possibility of a student-teacher evaluation." Wilson remarked that this would help give the students more voice in the administration of their education. The committee hopes to gain results by Dec. 1.

Wilson also supported the policies of pre-registration and dismissal at noon to begin vacations. He noted that these programs are already forthcoming innovations.

In answer to the general question concerning whether or not a college is a democratic institution, the Senate official said, "The constitution guarantees all citizens the democratic

right of the American society, and the student is not to be considered as a separate citizen."

"Because the individual is in an educational institution, he should not be degraded as a citizen," the student president said. "Certain rules and regulations are necessary and student cooperation is needed to maintain con-

cordance. Today's big tendency toward change should be met by the student."

"Unless given the opportunity to demonstrate the democratic processes, this feature of our society will be limited, and we will become stagnant," Wilson added.

In final words, Wilson expressed his opinion regarding the recent uprisings of college students on different campuses. He said, "I believe that the cause is that often the students do not have a responsible voice in the administering of the educational system. Sometimes there is a lack of communication among the students, faculty, and administration. This results in a suppressed feeling among students, and they believe they are losing some of the inalienable rights which everyone is taught to uphold and cherish."

In conclusion the student president stated, "This communication problem on our campus is being improved through such things as the student-faculty advisory board, the student forum, and better representation in the Senate. However, the only way in which these can function properly is with the concern and involvement of every student."

Theater Group to Hold Initial Meeting Tonight

Students and other college personnel interested in play production are invited to attend the Maryville Community Theater meeting tonight in the Maryville Public Library.

Directors and plays to be presented during the coming year will be discussed. Actors, stage crew members, construction workers, make-up artists, and wardrobe and property committees will be welcome additions to the group.

Mr. Robert S. Millar Jr., MSC instructor, is the new publicity chairman for the theater group, which is headed by Ross Mongold, Maryville Post Office employee.

Mrs. B. J. Alcott, field service assistant, is the outgoing company director.

'Trumpeter' Salutes Arranger

"Little Johnnie Price, come blow your horn."

The program is ready; we can't ask for more."

Unfortunately, Mr. Price, today's establishment forbids your "blowing your horn" and requires a substitute horn blower. Allow me.

Reading the Sept. 10 article on the newly planned campus activities by the Union Board for this year, I couldn't help giving you, your assistant, Julie Seipel, and the members of the Union Board, a mental handshake. Needless to say, designing such a program takes considerable effort.

With education, entertainment, and enlightenment as your goals, you have succeeded in presenting to the student body a varied and appealing program. With such respected speakers scheduled as Andrew Hatcher, former personal press secretary to both presidents John F. Kennedy and Lyndon Johnson, Mayor Samuel Yorty, Mayor Ilus Davis, and Mort Sahl, political satirist and speech writer for the late President Kennedy, any curiously aware adult will applaud your new program.

It is apparent that much consideration has preceded your choice of activities. Ranging from "Give a Damn Week" focusing on contemporary problems to the Montfort Mission, a folk-rock group who appeared on the Ed Sullivan show, the 1968 Union Board provides students with a most complete program.

In short, Mr. Price, "we can't ask for more."

LITTLE MAN ON CAMPUS

NONSENSE, WE'RE ALL A LITTLE NERVOUS TH' FIRST TIME WE GET OUT THERE TO PLAY.

President Is Host to Regents, Student Leaders

Students Invited To Forensic Meet

Mr. Jerry Winsor, director of forensics, has extended an invitation to those interested in debate to participate by attending practice sessions held Tuesdays and Thursdays, 3:30—5 p. m., in Room 408 in the Administration Building.

Mr. George Hinshaw is assisting with the forensic activities. Mrs. C. E. Koerble and Mrs. Fred Dunn are directing students in oral interpretation. "Resolved: That executive control of foreign policy should be significantly curtailed" is the debate topic this season. The discussion is "How can we best deal with the problems of civil disorders in the United States?"

At the first tournaments Oct. 11-12, the novice team will compete at Kansas State University. The varsity team will debate at Rockhurst College.

Joint Meeting Held

The American Home Economics Association and Kappa Omicron Phi, honorary home economics society held a tea yesterday for all freshmen home economics majors.

An orientation period preceded the tea. An explanation of AHEA and Kappa Omicron Phi was given, and officers of the two organizations were introduced.

Members of the MSC Board of Regents and campus leaders were recent guests at a dinner given by President R. P. Foster. Standing from left to right are Mr. David Hopkins, board member; Mr. Everett W. Brown, assistant to the president; Mr. Luther Belcher Jr., secretary to the board; Fred Beavers, Northwest Missourian editor; Mike Wilson, student body president; Rollic Stadlman, KDLX; Miss Jeanne Everett, Gamma Sigma Sigma president; Dr. Foster; Mrs. Dave Ellis, Pan Hellenic Council president; Mr. Carroll Russell, board member; Mr. Garvin Williams, board president, and David Wasserfallen, Alpha Pi Omega president.

Seated from the left are Mrs. David Hopkins; Mike Miller, Tower editor; John Price, Union Board chairman; Mr. W. M. C. Dawson, board member, and Barry Monaghan, student body vice president.

For the first time the MSC Board of Regents and campus leaders met informally at a dinner given Sept. 17 by President R. P. Foster.

President Foster noted that the regents - student meeting was held in order to better acquaint the two groups, as the Regents do not often have the

opportunity to meet students.

Another possible change on campus is the relocation of the statue presently located at the east side of the Administration Building. Plans are being made to install in its place the fountain which stood at the entrance to the campus for many years.

Cast Selected for Williams Play

Tanya Simmons, Jerry Eisenhour, Marcia Hensleigh, and John Hoffman have been chosen from approximately 60 hopefuls who tried out for lead roles in the upcoming production of Tennessee Williams' "A Streetcar Named Desire."

Other students cast in major roles are Cheryl Hawley, Ann Nielsen, Loring Miller, Sue Bonebrake, Kirby Carmichael, Bud Simmons, Gail Bullis, and

John Hindall.

Completing the cast are Melody Parkhurst, Diana Jansen, Sue Blakesley, Marilyn Bowness, Pamela Imes, Don Jackson, Steve Madison, and Mia Copeland.

Mr. Richard Weaver, instructor in the speech and drama department, will direct this fast moving, action - filled drama which will be presented Oct. 16-19.

New Lounge Provided At Wells Library

Since the closing of Project Upward Development, the Wells library room where it was located has been converted into a student lounge.

The lounge is now furnished for student use. In the future, vending machines and more furniture will be added. Students wishing to smoke in the library must do so in this room or in the lobby.

Social Science Exam To Be Given Sept. 19

Applications for the social science comprehensive examination may now be obtained for the Oct. 19 testing date.

The comprehensive will be given at 8 a. m. in Room 314 of Colden Hall.

Applications, available in Room 307 of Colden Hall, must be completed and returned by 4 p. m., Oct. 10. All senior social science majors or minors are required to take the examination.

University Women Give Dotty Wilson Corwin Award

Dotty Wilson, Chillicothe, has been awarded the Viola May Corwin Scholarship by the Maryville branch of the American Association of University Women, according to a report from Mrs. Harvey White, president.

The \$500 scholarship will be used this year as Miss Wilson completes her senior year. She also received an MFA scholarship and a Board of Regents scholarship her freshman year.

Miss Wilson, who has both physical education and Spanish majors, attended summer school this year at Monterrey, Mexico, to study Spanish. At McC she has been a freshman cheerleader, co-captain of the varsity cheerleaders for two years, and a member of Kappa Kappa Gamma, Phi Kappa Phi, Alpha Mu Gamma,

Dotty Wilson

PEM Club, and the Resident Hall Council in Franken Hall.

Miss Wilson will be graduated next spring. She will complete her work when she finishes her student teaching assignment the first eight weeks of the second semester.

Telephone Special Provides New Area Service

"Project Communicate" staff members Warren Stanton and Susan Pierson receive assistance from Mr. Luke Boone, local director, in planning WATS-line service for the schools in Northwest Missouri.

Wide Area Telephone Service, an ultra-modern method of booking films for schools in 18 counties of Northwest Missouri, will be reviewed in a KFEQ-Channel 2 special at 8 p. m. this evening.

WATS is just one of the services of a dynamic area program, "Project Communicate," which has been instituted at the beginning of this school year. The WATS-line co-ordinator, Mrs. Susan Pierson, dials each school district directly twice a week and the district places film orders through these calls.

The revolutionary factor of this service is that it is possible

to confirm and send out film orders the same day they are placed. It is estimated that the project will circulate over 10,000 films to the 18-county area during the current school year.

"Project Communicate" further assists schools in developing an action approach to teaching communication skills, starts pilot projects and demonstration classes, holds workshops, and provides consultant services to faculty and schools about problems of teaching the language arts.

All schools of the 18-county area participate in this year-round project which is admin-

istered by the executive board, headed by Mr. Charles Seward, assistant superintendent of Chillicothe High School.

Seniors to Register For Job Placement

Mrs. Esther Sellers, Field Service assistant in charge of placements, has requested that all seniors interested in securing a job after graduation register with the Placement Office before Oct. 1.

All recommendations should also be filed in her office.

For One Coed...

Summer Vacation Means Rehabilitation of Patients

By John Ford

Summer vacation meant many things to students at MSC. To one student, Barbara Wempe, the summer break meant a job that involved teaching people to live in society.

Barb was a member of the staff at the Vocational Rehabilitation Center at the State Hospital No. 2 at St. Joseph. As a ward assistant, the MSC psychology major helped in the rehabilitation of patients before they left the hospital.

Patients are interviewed and selected for the extra care by the center's staff. Not all patients leaving the hospital get the rehabilitation assistance, however, Barb explained.

Patients are first placed in a room with five or six beds. As they start to respond to the care and are able to follow a normal individual daily schedule, they are given a private room.

The next step is an important one. The patient must be able to take his own medicine on schedule. At this point he can receive a town pass and go shopping or for a visit on his own.

Barb explained that it was her job to try to keep the patients under her care in a normal progression of development.

She further explained that "the patients receive vocational training all the time they're in the 'rehab center.'"

Of several cases of special importance to the MSC

student, she believes two stand out.

"One girl was ready to go home on a Thursday but by Monday had fallen back to the point that she needed reprints. Anticipation is one of the things that cause such regression," Barb explained.

The second case is the most significant to Barb because the female patient reacted to the summer worker's training and encouragement. A 28-year-old Mennonite girl, who spoke only German when she first came to the center, put on her first female undergarments this summer while Barb was her ward assistant.

"The despair and anxiety people must live in when the mind is sick!" Barb remarked.

For this young psychology major with good mental health, the summer work lessons remain memorable.

"Living with these people and seeing symptoms and sickness in real life taught me not to treat them as 'the other ones' but to talk to them and treat them as normal people."

Gamma Sigmas Begin Fall Rush

MSC coeds are invited to attend the fall rush party of Gamma Sigma Sigma, young women's national service sorority.

The informal party, to be held from 9 to 10 p. m. Wednesday at the Wesley Foundation, is part of a program to interest students in the objectives and work of the organization. An open meeting of the sorority will be held at 6:30 p. m. Sept. 30 in the Upper Lakeview Room of the Union.

Veterans' Club to Hold First Fall Meeting

The first fall meeting of the Veterans' Club will be held at 7:30 p. m. tonight in the Legion Hall.

The main order of business will be planning Homecoming pamphlets, a project of the club, and rewriting the club's constitution. All prior servicemen, especially those new to the campus, are invited to attend.

Forum Offers Students Opportunities to Speak On Timely Topics

The Student Forum will officially re-open at 11 a. m. Wednesday in the New Den. Steve Connor, Union Board vice president, will initiate the event with a presentation of plans for the first meeting of Dialogue, scheduled for Oct. 7.

Mike Wilson, student body president, will follow with an outline of proposals to be considered by the Student Senate during the year. A thorough discussion of negative credit days is also planned.

Professor Reminisces: About Spanish Politics, Culture, Classes

Miss Mary Jackson, MSC Spanish instructor, center, and friends enjoy a night tour in a horse-drawn carriage through Seville,

Spain, taken during her summer studies abroad.
—Photo from Seville, Spain

By Chris Carstenson

Miss Mary Jackson, assistant professor of Spanish, took advantage of a rare opportunity this summer to study at the renowned University of Madrid, Spain.

Leaving from New York on June 30, Miss Jackson participated in the University's graduate program lasting slightly more than six weeks. A variety of subjects was offered including contemporary Spanish art, the Theatre of Lope de Vega, Spanish-American lyric poetry, Spanish contemporary theatre, and Spanish phonetics and semantics.

Miss Jackson recalled that instead of bells to signal the end of the 50-minute class periods, a man came around and said, "la hora," meaning "it's time." The professor would then thank him and continue to lecture for another 10 minutes.

"The dormitories were certainly a far cry from the elegance of our dormitories here," the MSC Spanish instructor mused, "but they had the essentials. Each of us had a single room with a private shower. You could not use any electrical appliances without blowing a fuse — I tried an electric travel iron and blew one. We received clean sheets and one large towel only once every two weeks."

Getting to the serious side, Miss Jackson explained that the city of Madrid has a population of 3,000,000 people. She

noted that one hears or reads very little about the Spanish political situation. The general impression seems to be that they had seen too much war and suffered too much, so that they are content with anything, so long as they have peace. "They talk very little about politics — and frankly, I think they are afraid to," she said.

On weekends, Miss Jackson enjoyed such sights as the Caves of Altamira, Santander, Seville, Cordoba, and Granada. She also attended many legitimate theater productions, movies, a ballet, and a bull fight.

This was Miss Jackson's second visit to Spain. On her last visit, eight years ago, she saw a great deal of poverty. This

Driving Pupils Needed

MSC students interested in learning to drive are invited to attend a driver education course offered during the fall semester under the direction of Mr. Robert Gregory.

The program will be taught by student driver education teachers. According to Mr. Gregory, the driver program is in need of beginning drivers, and arrangements will be made so that the lessons will not conflict with the student drivers' schedules.

Students wanting to find out more about this program should call 582-3773 or contact Mr. Gregory.

time it was less evident, but it still exists. She found the Spanish people to be friendly and courteous; however, she noted some anti-American sentiment, chiefly among the teenage or early 20-year olds. But this, she admitted, was not too serious or very widespread.

In summing up her travels, the MSC Spanish instructor commented, "My summer in Spain was a truly wonderful experience, and I am most happy and grateful that I could have it. I feel that my horizons were expanded and that as a result I have more to give to my students . . . But I am also glad to be back home and back on this campus!"

AWS to Preview Campus Fashions

Models featuring the latest in fall campus fashions will step from the pages of favorite fashion magazines Monday evening, Sept. 30.

The AWS Fashion Show, "The Fall Edition," to be held at 7:30 p. m. in the Charles Johnson Theatre, will preview fall fashions for all facets of college life. The garments and accessories, contributed by Brown Shoes, Clara's Fashions, Field's Clothing Company, Maryville Shoes, Merle Norman Cosmetics, Stephenson's, Tivoli-Vogue, Tober's, and Town and Country Fashions, will be modeled by MSC coeds.

Models will represent Hudson Hall, Franken Hall, Perrin Hall, Alpha Sigma Alpha, Delta Zeta, Phi Mu, Sigma Sigma Sigma, and Gamma Sigma Sigma.

Co-chairmen of the show are Jonnelle Schrier and Suzanne Schrier. Others who have coordinated the preview include Roxy Holleman, models and store participants; Carol Breeding, script; Elaine Thompson, tickets; Mary Lou Rush, stage decorations; Kay Hamilton, rehearsal; Betty Bender, invitations, and Susan Bowser, publicity.

Special entertainment will be featured during the intermission.

'Who's Who' Honors Mrs. Dyke

Mrs. Dorothy Dyke, assistant professor of social science at MSC for four years, has been selected for recognition in the 1969 edition of "Who's Who in American Women."

Mrs. Dyke, who received her BA and MA degrees at the University of Texas, was awarded a fellowship for graduate study at Columbia University.

After completing her formal education, she returned to teach at the University of Texas. She later instructed classes at the City College of New York, Syracuse University, North Texas State University, and San Diego State College.

During her teaching career, Mrs. Dyke has held membership in the American Association of University Women, American Association of University Professors, American Political Science Association, American Academy of Political Science, Southwestern Social Science Association, and Pi Lambda Theta, national educational fraternity. In addition, she has also served as faculty adviser for various college chapters of Delta Zeta, national social sorority.

Among the interesting highlights which Mrs. Dyke relat-

Mrs. Dorothy Dyke

ed concerning her personal experiences in the education field, was her close friendship with former President and Mrs. Dwight Eisenhower when Mr. Eisenhower was head of Columbia University. Introducing Mrs. Eleanor Roosevelt at a dinner honoring the former First Lady is another favorite topic for reminiscence.

During the current school year, Mrs. Dyke is serving on the student-faculty affairs committee. Her husband, Durward, is assistant professor of business at MSC.

Tri Sigmas Initiate Last Year's Pledges

Pledges from last spring of Sigma Sigma Sigma sorority were initiated Sept. 15.

The five new members are Cindy Smith and Charlene Rush, St. Joseph, and Debbie Long, Vickie Snell, and Beverly Thompson, Kansas City.

The initiation was followed by a banquet.

1005 South Main

PRESENT YOUR I. D. CARD
AND RECEIVE A COKE PASS.

Registration is a rough time for everyone, but it must have been especially trying for the male student who marked his college classification as 1A. Close behind him was a frustrated female student who marked her classification as "Miss."

A new instructor on campus introduced himself and began his class, but stopped shortly and drawled, "If I don't talk in the same dialect as you all do it's because I'm from Louisiana — and I don't even talk like they do."

The young men who did not quite make the grade in the regular physical education classes and were placed in the special study group may not have to hang their heads in shame after all.

If you have seen some of the freshmen come out of the regular physical education classes, then you can understand that lying on a couch for fifteen minutes and pedalling a bike for ten isn't so bad!

One freshman football player found out that Clorox just doesn't quench your thirst like water after a hard practice session. You might say he was carrying this personal hygiene just a little too far.

One MSC instructor gave such an interesting introduction to one of her freshman classes that a junior student who was supposed to be in another class stuck around long enough to hear the lecture as

well as complete the written assignment on weaknesses in communication. His weakness: "I have many weaknesses, and one is listening even though I shouldn't!"

Saturday night truly was "the loneliest night of the week" for the freshman who moved into the dormitories on Sept. 7 and found that he was the only one in his dorm. Assigned to an upper class dormitory, the young man faced a real obstacle for that first night away from home.

What's the shortest amount of time a student has lived in a dormitory? One St. Joseph student may have the record after moving in one day and moving out the next. He found he could commute more economically. Forty-eight hours — a short course in dorm life!

Girls in Franken Hall will need to keep an eye on the scales if they want to continue using the elevators.

The lift drops four frightening feet before being stopped by an auxiliary cable when overloaded.

Campus Blood Bank Needs Donors to Continue Service

MSC may be in danger of losing a vital student service if at least 160 student donors are not found for the Campus Blood Bank in Oct. 10 in the Student Union.

When the Nodaway County Community Blood Bank was formed two years ago, the Student Senate requested membership for the MSC students. The program which the blood bank and the Senate decided would best help all of the students was the special group membership plan whereby pints of donated blood would equal five per cent of the enrollment.

Through arrangements with the Red Cross and other community blood banks, full-time students would be covered for blood needs anywhere in the United States. Instead of paying approximately \$50 a pint for blood, MSC students would only have to pay a \$15 processing fee when they need a transfusion.

Some students cannot give

Faculty Honors Freshmen

Freshman students enjoyed their first semi-formal event of the year Sept. 18 and 19 when they were honored at the annual freshman reception.

Faculty members served as hosts to the new students. Both the students and hosts were divided alphabetically between the two nights of the reception.

In the reception line Wednesday night the freshmen were introduced to President and Mrs. Robert P. Foster, Mr. William F. Phares, Jr., a member of the Board of Regents, and Mrs. Phares by Mrs. Ray Cushman, Mr. Donald Hagan, Miss Jane Costello, and Mr. H. R. Dieterich.

Thursday night Mr. and Mrs. Garvin Williams received the guests with President and Mrs. Foster. Mr. Williams is presi-

dent of the Board of Regents. Miss Violette Hunter served as over-all chairman in charge of arrangements. Heads of her committees included Mrs. Luther Belcher, Jr., doors and coat room; Mr. Everett W. Brown, Mrs. A. F. Handke, and Mr. Durward Dyke, chairmen of distribution of name cards; Mrs. Harvey White, Mr. William Hinckley and Mrs. Dean Maiben, chairmen of ballroom annex arrangements.

Also assisting were Mr. Jerry Winsor, Mr. Gerald Kirk and Mr. David Easterla, chairmen of arrangements for ballroom; Miss Frances Shipley, Mr. Robert L. Blackman, Mrs. Donald Sanford, and Miss Mary Jackson, chairmen of arrangements for refreshment tables.

KDLX Gets \$10,000 Worth of Equipment

New equipment of superior quality valued at approximately \$8,000 is being added this fall in the college radio station, KDLX.

The station now has a production room as well as a broadcasting room. Another

Mr. John Perkins Hired as Technician For KDLX Station

Mr. John Perkins, radio engineer, has joined the KDLX staff this year as chief radio technician to install, maintain equipment, and advise the Northwest Missouri State College personnel on TV and AM and FM radio.

Mr. Perkins has been interested in electronics all his life; however, he considers himself an amateur. He has worked in Air Force Radio maintenance, where he had experience in technical and advanced maintenance. He also worked in base communications in Korea.

After graduating from Central Technology Institute in Kansas City, he served as an AM, FM and TV broadcasting engineer for KCMO radio. Later he worked two years for Voice of America U. S. Information Agency in Washington, D. C.

production room will be added when all of the new equipment arrives. The equipment, including a new control board, professional tape machine, and an automatic turntable and cartridge tape players, will enable the station to add such innovations as professional interrupters, stingers, and commercials.

With the new additions, the station supervisors believe KDLX will be the best equipped carrier current campus station of the Mid-West. It also will parallel most of the small commercial stations of the area.

The station, on the air from 7 p. m. to 2 a. m., plays a top forty format called the Top Sound Survey.

Since the purchase of new transmitters last year, KDLX

has been one of the strongest on the band. With their professional recording equipment, the staff plans to transmit special programs, band concerts, recitals, Tower Choir programs, panel discussions, and other college programs.

The staff includes Mrs. Ray Cushman, director of broadcasting activities; Mr. John Perkins, chief radio technician; Larry Lewellen, student technician; Rollie Stadman, station manager; Barbara McAvoy, program director; Joe Molsinger, news director.

Rick Dupuy, advertising manager, with Rick Kemp as his assistant; Bob Kinder, music librarian; Bill Findley, Howard Olsson, writers; Dave Connors, Dennis Bowman, sportscasters, and Eldon Hunsicker, business manager.

Larry Lewellen, student technician, and Mr. John Perkins, chief radio technician, adjust the new cartriptape machine received recently at KDLX.

Rush Week Begins at Panhellenic Tea

The Panhellenic tea, held Sept. 15 in the Union, officially began fall rush for the four social sororities on campus.

Officers of the Panhellenic Council include Jan Ellis, president; Linda Britt, vice president; and Suzanne Lainson, secretary. Faculty sponsor is Miss Karen Licklider.

The council is composed of representatives from each of the sororities. Delegates include Ronda Ridner, Hila Rankin, and Mary Lee Neuberger, Alpha Sigma Alpha; Jan Wilkes, Mrs. Ellis, Helen Duncan, and Jackie Oliphant, Delta Zeta; Ellen Hamilton, Connie Seuell, Susan Hunt, and Miss Lainson, Phi Mu; and Kathy Johns, Elaine Thompson, Miss Britt, and Mary Lou Swaim, Sigma Sigma Sigma.

The purposes of the Council are to establish rush procedures, to organize Greek women's activities, and to promote good relations between the sororities.

Faculty Briefs

Miss Neva Ross, state membership chairman for Delta Kappa Gamma, honorary educational fraternity for women teachers, was a participant in the State Workshop held for Missouri chapters Sept. 14 in Columbia.

At the first Panhellenic meeting, rush was the main topic of discussion. Rules, regulations, and dates were clarified. It was also decided that each sorority would contribute to the Panhellenic treasury, which sponsors the tea and, in correlation with the Interfraternity Council, supports Greek Week.

Rush will continue through Oct. 3.

AAUP to Honor New Instructors

New MSC faculty members will be honored at a dinner to be held at 5:45 p. m. tonight at the initial meeting of the college chapter of AAUP.

The meeting, to be held on the top floor of the Union, will be highlighted by an address by state AAUP President Dr. James Lowe, professor of sociology at MSC. Teachers from Tarkio and Missouri Western Colleges, where formation of chapters is currently underway, will be additional guests.

A short business meeting will be conducted by Mr. James DeMarce, chapter president.

In addition to Mr. DeMarce, officers for the local chapter for the coming year are Mr. Marvin Gutzmer, vice president; Dr. Robert B. Killingsworth, secretary, and Mr. Channing Horner, treasurer.

Danforth Graduate Fellowship To Be Awarded This Spring

Inquiries about the Danforth Graduate Fellowships to be awarded in March, 1969, should be made to James R. Saucerman, Colden Hall 205, the local campus representative, before Oct. 1, 1968.

The Fellowships, offered by the Danforth Foundation of St. Louis, are open to men and women who are seniors or recent graduates of accredited colleges in the United States, who have serious interest in college teaching as a career, and who plan to study for a PhD in a field common to the undergraduate college. Applicants may be single or married, must be less than 30 years of age at the time of application, and may not have undertaken any graduate or professional study beyond the baccalaureate.

Approximately 120 Fellowships will be awarded in March, 1969. Candidates must be nominated by liaison officers of their undergraduate institutions by Nov. 1, 1968. The Foundation does not accept direct applications for the Fellowships.

Danforth Graduate Fellows

Air Force Team To Visit at MSC

The Air Force Officer Training School Selection Team will be on campus today to explain the OTS program and to test eligible seniors and graduates.

Some of the physical requirements which must be met for the OTS flying program include 20-20 vision in both eyes; normal color vision; height not less than 5'4" nor more than 6'4"; no history of unconsciousness, asthma, hay fever, or other types of allergies, and no serious physical disorders. A vital need exists for seniors and graduates with these qualifications to fill positions as pilots and navigators.

According to Capt. Dennis F. Knecht, OTS selection officer of the Omaha Recruiting Detachment, January graduates must apply immediately to be considered for January, February, and March classes. All seniors should also inquire about the program now to assure assignment to an OTS class as soon as possible following graduation.

are eligible for four years of financial assistance, with a maximum annual living stipend of \$2,400 for married Fellows, plus tuition and fees. Dependency allowances are available. Financial need is not a condition for consideration.

Danforth Fellows may hold other fellowships such as Ford, Fulbright, National Science, Rhodes, and Woodrow Wilson, concurrently, and will be Danforth Fellows without stipend until the other awards lapse.

Lon Hall's Print To Be Displayed In International Show

An MSC junior art major, Lon Hall, has recently been notified that his miniature intaglio print has been selected for display in an international exhibit.

Prints in the exhibition, sponsored by the Pratt Center for Contemporary Printmaking of New York, can be of any dimension not exceeding four

Lon Hall

square inches.

The first exhibit of the student's print will be at the IBM Galleries in New York City on Nov. 16. Public showings will then be made in schools, museums, and art galleries in the United States and abroad.

Hall, formerly of Carroll, Iowa, plans to do graduate work in art and is considering teaching on the college level.

For the College Menu . . .

It's Friers by the Hundred, Steaks by the Ton

By John Schieber

Medical research has asserted that continuous mental exercise burns up more calories than strenuous physical work. If this is true, then "feeding one's face" is an important part of the college student's curriculum.

Students at MSC don't need to worry about having to tighten their belts because their diet is in the capable hands of Mr. Glen Vogt. The director of food service at MSC, Mr. Vogt has had 27 years of culinary experience.

While operating the two cafeterias, Mr. Vogt employs 82 full-time and 75 part-time employees. As head dietitian he provides menus designed to please the approximately 6,550 diners who pass through the "lines" daily. The kitchens open at 4:30 a. m. and close at

7:30 p. m.

For an average evening meal with fresh fried chicken as the main course a flock of 675 fryers will feed 2,700 students. Over a ton of steaks is prepared for a meal. Nine-inch individual pizzas are considered by Mr. Vogt to be his specialty.

Catering service is also supplied in the Union for special campus group luncheons and dinners. "Just see me and we will arrange it to your satisfaction," proposes Mr. Vogt.

When asked about special policies, the manager stated: "We do things right! Any and every student is welcome and indeed encouraged to approach me to discuss situations that may arise. I am never too busy to talk to students. I work with, and under the direction of President Foster and should any serious situation arise, I will do my best to work it out."

Editor Announces Photo Schedule For MSC Tower

Class pictures for the 1968-69 Tower are now being taken in the Tower office opposite the bookstore in the Union Building, according to Mike Miller, editor.

Seniors who failed to have pictures taken last week must have them taken at Frederick's Studio by appointment if their pictures are to be included in the book. Other classes are to have their pictures taken from 8 a. m. to 12 p. m. or from 1 p. m. to 4 p. m. according to the following schedule:

Juniors — Sept. 24-27

Sophomores — Sept. 30 — Oct. 4

Freshmen — Oct. 7-11

Faculty, office personnel, and other staff members should have pictures taken before Oct. 11. Appropriate dress for men includes dark coats and ties. Women should wear dark dresses. Any organization that has not received a letter concerning a group picture for the yearbook should contact Miller at the Tower office between 2-3 p. m. daily.

'High Temperature' Film for Den Movie

"Fahrenheit 451," starring Oskar Werner and Julie Christie, will be shown Friday night in the Den.

In a gray world of conformity where human beings are robot-like machines absorbing fed data, a few people work feverishly to record electronically books of knowledge before they can be destroyed by State Firemen. One fireman, Oskar Werner, opens a book he is about to burn.

The following action makes for a thought provoking story of a man struggling against the binds of conformity—a man who becomes "A majority of one," when measured by Thomas Carlyle's ideas.

Admission is 25 cents.

Mr. Mrs. Browning Resume MSC Duties

Mr. and Mrs. Edward Browning, professors in the Division of Business, have returned to their work on campus after a two-year leave, which was spent working on their doctorates at the University of Missouri.

Both Mr. and Mrs. Browning have completed their written and oral comprehensive examinations. Marketing is Mrs. Browning's area of specialization. After she completes her doctorate, she will be one of the few women in the United States to achieve this status in marketing. Mr. Browning's specialization is accounting.

Wesley Leaders Invite Students To Get Involved

The UCCF-Wesley Center offers several stimulating entertainment and educational opportunities for those wishing to take part.

One of these is the coffee-house, which is open from 8:30 to 12 o'clock every Friday evening. It will feature scheduled entertainment as well as an "open mike" period during which anyone wishing to perform or present an artistic work will be allowed to do so. Refreshments will include several different types of coffee.

Sunday morning at 9:30 o'clock there will be a college class discussion entitled "This Is our Ministry," followed by a verse choir presentation.

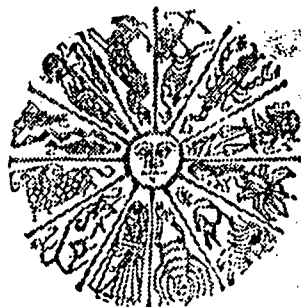

At 5:30 p. m. Sunday, all college students will be welcome to attend a supper and forum and to view two films, "2187" and "Very Nice, Very Nice."

Also new are short-term reaction study groups who will consider various issues of the day. These groups will meet once a week from 3 to 10 weeks. Those interested may call the center or inquire at the Wesley Center.

Sports Spikes

By Joe Fleming

Welcome back! Hi to all frosh, transfers, faculty, administration, and miscellaneous people.

You probably don't know me unless you went to summer school this year and even then you may not have read this column.

What the deal is, is that I have this writing thing I do every week. I'm still not sure it's my bag or anything like that yet. In a nutshell, I write what I see and what you probably wouldn't. It's not what you'd expect to find in a normal sports writeup, or at least I hope not.

I give my opinion of what's going on, (you know, what's really happening). Sometimes someone isn't going to like what I have to say. I hope these instances are few and far between. In this respect, I'm open to any and all criticism. (No violence please, or I'll have to move to Chicago where the freedom of the press is supreme).

My purpose is simply to give a different slant on sports. I'm making no apologies. I don't cut stuff up just for the sake of cutting it up, nor am I cynical just to be getting attention. My commentary is meant to be constructive. I'll stand behind what I say 100 per cent; that is, until I am convinced of the opposite.

Like I said this summer, I try not to shoot from the hip. I'm happy to have the opportunity to write like this, and I'm going to do the best I know how. Whether this will be good enough remains to be seen. You, the readers, are the ones I'm trying to please.

I'll keep you up to date on what's going on and why it's going on the way it is. Sure, it's going to be slanted. That's the whole idea. The thing is, though, I want it to be in the right direction.

I'm pretty sure MSC is going to have a lot to offer its fans this year. I won't go into detail right now, but let it suffice to say that there are going to be a few surprises. I'll explain later. . . .

Cats Face Jewell Friday, Hope to Avenge '67 Defeat

The MSC football team will clash with the William Jewell Cardinals at 7:30 o'clock Saturday night at Rickenbrode Athletic Field.

The Bearcats are favored to avenge last year's 28-24 loss to the Jewell team, who went on to post their first perfect season, 10-0. The Cards advanced to meet Doane (Neb.) College in the annual Mineral Water Bowl and tied the larger opponent, 14-14.

While last season the Cardinals averaged 222.3 rushing yards and 124.3 passing yards per game, they have lost the bulk of both their offensive and defensive teams.

Coach James Nelson, who is beginning his first season as head mentor of the squad, is faced with recuperation from the loss of 26 lettermen by graduation. Among those are defensive linebackers and all conference co-captains Gary Beets and Dave Owens, who combined for 95 tackles last season.

Also missing will be William Jewell's outstanding athlete, John Modeer, who solidified the defensive backfield, and all-American honorable mention Steve Lucas, who rushed

for 808 total yards (9.1 per carry) and led all scorers with 90 points.

The team's third leading rusher, Terry Bashor, and leading passer, Rick Fette have also graduated.

Although the rookie coach faces dim prospects, he feels he has players who know the game and have the ability to play. He cites the fact that William Jewell was predicted barely to break even last season, and yet went on to post a perfect record. He believes that they could possibly do as well this season.

The 'Cats will tangle with a smaller team from a smaller school (1,100 enrollees), but will have to contend with the power of tailback Tom Dunn, who led his team in total offense with 92.9 yds. per game, and wingback Don Brown, who completed 20 of 42 passes for 225 yds. and three touchdowns.

Other Jewell standouts MSC will face will be "light, fast and smart" Barry Sprinkle, whose 32 pass receptions netted him 426 yards and six touchdowns; 6', 190 lb. John Johnson, who led the team with 55 tackles, and 5-10 linebacker Mike Murphy who accounted for 43 tackles.

The Maryville team holds a long-term advantage over the Liberty squad, having won 14 of the 21 games played, and should increase that margin Saturday night by a two-touchdown margin.

should play for a meeting with Coach Gary Collins at 7:30 o'clock tonight in Lamkin gymnasium.

Notice to Wrestlers

All prospective wrestlers

Quarterback Joe Calia calls signals as the green linemen prepare to lend their blocking support in this first quarter play of the recent Bearcat intrasquad game. Pictured here are Bill Sloan (25), Roger Otte (84), Ken Willis (74), Tony Novak (62), and Calia (10). The white team's visible defensive player is Ken Timke (81). The varsity defeated the reserves, 14-3.

Varsity Defeats Reserves In Intrasquad Grid Contest

The MSC varsity downed the reserve team, 14-3, Sept. 14, in the annual pre-season intrasquad football game.

Play was hampered by a short circuit in the lighting, which forced the two teams to compete on a half-darkened field.

Quarterback Steve Schottel led the veteran White team with nine pass completions for 133 yds. and one touchdown. Leon Muff, co-captain, and Barry Monaghan continued last season's form by receiving Schottel's passes, with Muff scoring on a 42-yd. aerial in the third quarter.

Brad Willrich scored the first White touchdown in the first quarter against a goal line defense. Fran Schwenk sprinted 68 yds. from scrimmage in the third quarter, but two penalties prevented a touchdown. Joe Spinello returned to his old

form on kickoff returns, scampering 67 yds. in the first quarter only to have a penalty nullify the run.

The White defense looked as good as that of last year's Bearcat squad as it held the Green offense to 6 net yds. rushing and 91 yds. passing, forcing quarterback Joe Calia to scramble all night. Calia completed 7 out of 21 passes but was caught behind the line of scrimmage three times for losses of 10, 11, and 22 yds.

Defensive standouts for the White team were Dave Ross, Paul Stehman, Ken Timke, Jim Cook, Mike Beach, Joe Presti, and Dave Rebori.

Other offensive stars for the Green team included Greg Panches, Wayne Woolsey and kicker Steve Fuller, who booted the first-quarter field goal which temporarily put the Green team ahead.

'Cats Falter in Opener, 38-13

The Arkansas A and M Weevils trounced the MSC Bearcats Saturday night, 38-13, at College Heights, Ark., in the season opener for both teams.

A and M capitalized on an impotent 'Cat offense, which surrendered the football seven times on fumbles in gaining only 65 yds. total offense.

Thirty-five penalties were assessed in the game — the Weevils being docked 161 yds.; the Bearcats, 50.

Coach Ivan Schottel substituted freely. The Maryville squad rushed for 9 net-yds. and completed 4 of 23 passes for 54 yds. Arkansas totaled 196 yds. on the ground and completed 7 of 16 passes for 66 yds.

Milner Wins Golf Title

Tim Milner, MSC sophomore, won the championship flight of the 45-hole men's golf tourney played at Maryville Country Club Sept. 9.

Milner shot an eight over par 224 through 54 holes to finish in front of Dr. John Beeks, 227, and Mr. Bob Iglehart, 228. He received his first place trophy Sept. 14.

Like to Swim?

Coeds are invited to join the Sigma Phi Dolphins synchronized swim club.

The first general meeting is to be held at the pool in Martindale Gymnasium at 5:30 p.m., Wednesday.

No experience is necessary since instructions will be given to teach the different skills.
